

Enoch

Calendar

5946 A.M.

2021/2022 A.D.

Kenneth B. Jenkerson

Enoch was given these Instructions by YAH! To Have a Solar Calendar Year consisting of 364 days. 12 months of 30 days each with 4 Intercalary Days known as the 2 solstices and the 2 equinoxes we have annually. YAH has His own Holidays carved into this calendar- which I think both of which will be kept throughout eternity.

Jeremiah 6:16 “Thus says Yah, Stand by the ways and see and ask for the ancient paths, Where the good way is, and walk in it, and you shall find rest for your souls! But they said, “We will not walk in it!!!”

Preface

These Appointed Times of YAH are part of His instructions to us on how to please Him and how to walk in His ancient paths. He tells us not to learn the way of the gentiles. The majority of the holidays on our gentile calendar known as the Gregorian calendar have pagan origins into gentile practices that we as Believers in YAH and His only begotten Son. Valentines Day, Easter, Halloween, Thanksgiving, Christmas all gentile practices with pagan origins. Not only are we commanded to stop celebrating these days, but we are also commanded to keep YAHs Holidays (Holy Days) or Appointed Times. Most of us don't even know about them, but most of them are listed in Leviticus 23 and Numbers 28 and 29. However, there are a few hidden ones that you have to dig for or have revealed to you, but I assure you they are there! This Calendar is based of the Calendar found in the Qumran Caves in the Essenes Community.

May we all learn to study to show ourselves approved unto YAH. May we all learn how to prove that which is pleasing to YAH and may we learn to love YAH with all that is in us and may we learn to love each other at the level we are at. May we learn how to produce good fruit that will remain which I think is done through the process of making disciples who are able to reproduce in others what YAH has produced in them. I have many teachings available on my website at <http://disciplemakingpastor.org> I also have a You Tube channel called Ken Jenkerson currently with 69 videos of teachings. My email is kenjenkerson@Yahoo.com if you wish to contact me. May YAH bless you and keep you; May YAH make His face shine on you and be gracious to you; May YAH lift up His countenance on you and give you peace. Shalom- Ken Jenkerson

MatithYahu 3:3

“The voice of one crying in the wilderness, Make ready the way of YAH, Make His Paths Straight!”

Come out of Babylon My People!

“Understanding the Calendar”

The Creators Calendar comes from the book of Enoch. The Heavenly Father instructs Enoch in many things. Enoch prophesied the end from the beginning and is credited with writing 366 books. 130 kings and princes of the world assembled to make Enoch their King. Enoch reigned 243 years and he taught them wisdom, knowledge, and the ways of Yah. In the 243rd year of Enochs reign, Adam died. Adam was buried by his two sons and Enoch and Methuselah. Enoch was teaching about 800,000 men at one time. All Christian doctrine that I am aware of comes from the writings of the Patriarchs who all seem to have been taught by Enoch and his son Methuselah before the flood, or by Noah and Shem who both learned from Enoch, after the flood. Abraham learned from both Noah and Shem. Abraham sent Isaac to the house of Shem and Eber to learn the ways of Yah and his instructions. Isaac sent Jacob, Esau refused to go, to learn from Shem and Eber. Jacob studied with Shem and Eber at the School of the prophets until the death of Shem in 2158 A.M. Eber continued the school, but copies of all of the records were given to Levi for safe keeping. This information can be found in the book of Jasher. I have read all 3 versions of Enoch and I only recommend the first Ethiopian version. Nothing contradicts scripture, it just complements it. In a book by Ken Johnson called the Ancient Order of Melchizedek the author points out that there are 10 Melchizedek priests with Messiah Yahusha being the 10th and final- I happen to agree with him. Melchizedek means king of righteousness, but it could also be translated as Melekzadok or king of the Zadok priests. The list of Melekzedek priests is Adam, Cainan, Enoch, Methuselah, Noah, Shem, Abraham, Isaac, Jacob, and then Yahusha. Jacob sent Levi to learn from Shem and the Levites were priests but not according to the order of Melchizedek. They were Levitical priests, Levi begat Kohath and Kohath begat Amram and Amram begat Moses and Aron. Amram would have had the writings of the Patriarchs and given them to Moses and Aron. So now we know where Moses got all his information for the Torah- the first 5 books of the bible. The solar calendar was kept from Adam to the time of the Maccabees when they agreed to change to a lunar calendar. The Zadokite priests during the time of Antiochus Epiphanes took the temple library to Qumran to protect the writings of the Patriarchs. The Zadokites will be the priest during the Millennial Reign of Messiah here on earth, at least that is the way I understand it to be- Ezekiel 48:11. If you take time to read Enoch or

Jubilees it exposes the deceit of the Levitical priesthood and what they have done with the Calendar of Yah. My opinion is that this is why they are not canonized. There are at least 141 references in the New Testament to the doctrine of Enoch and word for word quoted in Jude 14,15. These Zadokite priests split off from main steam Israel and went to the Qumran Caves taking the precious writings of the Patriarchs with them. The community called themselves Yahad or Yah is One or One Yah. They also called themselves New Damascus or Blood Heir. Psalms was the most popular scroll in the dead sea scrolls, but there were 15 copies of Jubilees and 10 copies of Enoch found amongst them so far. I recommend reading all the ancient dead sea scrolls you can get your hand on, but they all seem based off the ancient book of Enoch to me. So this is where the Enochian, Dead Sea Scroll, Essene, Zadokite, Torah, Solar, Creators Calendar comes from!

The Calendar is a solar 364 day calendar. It consists of 12 months of 30 days each. It contains 52 weeks.

It has 4 Intercalary days, Spring equinox, Summer solstice, Fall equinox, Winter solstice. In Hebrew there is one word for all four days- it's called a "Tekufa".

Every month has 30 days days, with an "Intercalary Day" dividing each season = 364 days in one year.

The year always begins on the 4th day of the first month during the spring equinox, not after.

The Wednesday closest to the spring equinox is New Years Day or Aviv 1st or Beginning of the First Month!

The year always renews on the 4th day of the first month.

A.M. stands for Anno Mundi meaning the year of the world.

4 seasons of 91 days each. Every 3rd month has 31 days or the Intercalary day being the 31st day, change of the season. The Equinox or Solstice should occur on the Intercalary day. The day after (4th day of week) is the Head of Spring, Summer, Fall, and Winter. So you have 30,30,30,1; 30,30,30,1; 30,30,30,1; 30,30,30,1. It's important to note that when doing math you do not count the Intercalary day! So its 360 (days in a year). $360 \times 3.5 \text{ years} = 1,260 \text{ days}$.

It is interesting to note that the stars also confirm the calendar by giving us a different constellation each month for 12 months then starting over.

Quote from Ken Johnsons Book “Dead Sea Scroll Calendar” pages 5 & 6. “Most of us who study ancient history and church history in general, know about the modern Jewish Calendar. It is a lunar calendar consisting of 354-day year. Its months start on a new moon and every three to five years there is a leap month to keep it somewhat in sync with the four seasons. What we were never told is that there was another calendar; a solar one, used by the Essenes. This is their story. The Essenes taught that Yah gave us the perfect calendar. The base unit for the calendar was a twenty-four-hour day that was put in sets of seven, called weeks. Their calendar year was 364 days long, which evenly divided into 52 weeks. This made all holidays fall on the same day of the week every year! The Essenes said this calendar was observed unbroken from the time of Adam to Moses and down to the time of David. David wrote songs for each of the 52 Sabbath of the year. We actually have some of those in the Dead Sea Scrolls! It remained the only calendar used by the Jews until the Greeks tried to force them to use the Seleucid Greek calendar. Unlike the 364-day solar calendar, this was a 354-day lunar calendar,. It changed New Years Day from the spring to the fall. It calculated the month, not by the solstices and equinoxes, but by the lunar new moon. The Maccabees rose up and drove out the Greeks. Antiochus Epiphanes died, and the new ruler was more interested in taxes than religion. Antiochus V Eupator made a deal with the Maccabees. The Jews could keep their religion, but they had to pay tribute and to use the Seleucid Empire’s calendar. The Maccabees accepted the offer. If we believe the Dead Sea Scrolls, this is the true origin of the modern Jewish Calendar. The Zadok priest said that giving up the original solar calendar alone would be a grievous sin. Eventually the Zadok priests were driven out and settled in Qumran. They took with them copies of everything in the temple library.”

I happen to think they started to convert the calendar to a lunar one during and after Babylonian captivity. After the Grecian Empire the Yah-given solar calendar with His Holidays seems to disappear completely from mainstream groups. With the exception of the Essenes and a group of Ethiopian Jews who have Enoch and Jubilees canonized in their bibles.

There is also evidence in the Dead Sea Scrolls that John the Baptist (YahuChannon the Immerser) was the leader of the School of prophets at the Qumran Caves in the Essene Community. There is a prophecy in their dead sea scrolls called community rule which declared one from their order would be the forerunner for the Messiah-Prepare Ye the Way of Yah, Make Straight His Paths. This was John the Baptist. John also had 30 disciples and the Messiah had 12 disciples. Correlating with 30 days in a month and 12 months in a year. This was an established Essene pattern of the Higher teacher having 12 and the lower teacher having 30 disciples.

According to the Talmud, Bavli Berachot 56-59, every twenty-eight years the sun returns to its original place when the world was created. This 28 year cycle is called the “Machzor Gadol” meaning “The Great Cycle”.

The sun, moon, and stars were created on the 4th day of creation; therefore, the calendar starts on the 4th day of the week.

Revelation 11:3 & 12:6 both use 1,260 days which all theologians interpret as 3.5 years which all comes from the Enoch calendar and math. You cannot get 3.5 years matching 1,260 days exactly on anyone else calendar. 42 months times 360 days equals 1,260 days and 3.5 years on the Enoch Calendar.

Jubilees 2:9 “And Yah appointed the sun to be a great sign on the earth for days and for sabbaths and for months and for feasts and for years and for sabbaths of years and for jubilees and for all seasons of the years.”

Jubilees 6:23-38 “And on the beginning of the first month, and on the beginning of the fourth month, and on the beginning of the seventh month, and on the beginning of the tenth month are the days of remembrance, and the days of the seasons in the four divisions of the year. These are written and ordained as a testimony forever. And Noah ordained them for himself as feasts for the generations forever, so that they have become thereby a memorial unto him. **And on the beginning of the first month he was bidden to make for himself an ark, and on that day the earth became dry and he opened the ark and saw the earth. And on the beginning of the fourth month the mouths of the depths of the abysses beneath were closed. And on the beginning of the seventh month**

all the mouths of the abysses of the earth were opened, and the waters began to descend into them. And on the beginning of the tenth month the tops of the mountains were seen and Noah was glad. And on this account he ordained them for himself as feast for a memorial forever, and thus they are they ordained. And they placed them on the heavenly tables...thus it is engraven and ordained on the heavenly tables. And there is no neglecting this commandment for a single year or from year to year.” And command thou the children of Israel that they observe the years according to this reckoning—three hundred and sixty-four days, and (these) will constitute a complete year, and they will not disturb its time from its days and from its feast; for everything will fall out in them according to their testimony, and they will not leave out any day nor disturb any feasts. But if they do neglect and do not observe them according to His commandment, then they will disturb all their seasons, and the years will be dislodged from this (order), [and they will disturb the seasons and the years will be dislodged] and they will neglect their ordinances. **And all the children of Israel will forget, and will not find the path of the years, and will forget the beginning of months, and seasons, and sabbaths, and they will go wrong as to all the order of the years. For I know and from henceforth shall I declare it unto thee, and it is not of my own devising; for the book (lieth) written before me, and on the heavenly tables the division of days is ordained, lest they forget the feasts of the covenant and walk according to the feasts of the Gentiles after their error and after their ignorance. For there will be those who will assuredly make observations of the moon – now (it) disturbeth the seasons and cometh in from year to year ten days too soon. For this reason the years will come upon them when they will disturb (the order), and make an abominable (day) the day of testimony, and an unclean day a feast day, and they will confound all the days, the holy with the unclean, and the unclean day with the holy; for they will go wrong as to the month and sabbaths and feasts and jubilees. For this reason I command and testify to thee that thou mayest testify to them; for after thy death thy children will disturb (them), so that they will not make the year three hundred and sixty-four days only, and for this reason they will go wrong as to the beginning of month and seasons and sabbaths and festivals, and they will eat all kinds of blood with all kinds of flesh.”**

Jubilees 4:16b- “...and he called his name **Enoch**. **And he was the first among men that are born on earth who learnt writing and knowledge and wisdom and who wrote down the signs of heaven according to the order of their months in a book, that men might know the seasons of the years according to thee order of their separate months.** And he was the first to write a testimony, and he testified to the sons of men among the generations of the earth, and recounted the weeks of the jubilees, and made known to them the days of the years, and set in order the months and recounted the Sabbaths of the years as we made (them) known to him. And what was and what will be he saw in a vision of his sleep, as it will happen to the children of men throughout their generations until the day of judgment; he saw and understood everything, and wrote his testimony, and placed the testimony on earth for all the children of men and for their generations...And he was moreover with the angels of YAH these six jubilees of years, **and they showed him everything which is on earth and in heavens, the rule of the sun, and he wrote down everything.**

Enoch 72:1 “The book of the courses of the luminaries of heaven, the relations of each, according to their name, origin, and months (dominion and seasons) which Uriel, the holy angel who was with me, who is their guide, showed me; and he showed me all their laws (regulations) exactly as they are, and how it is with each of the years of the world and to eternity, until the new creation is accomplished which endures until eternity.”

Enoch 72:32 “On that day the night decreases and amounts to nine parts, and the day to nine parts, and the night is equal to the day and the year is exactly as it its days three hundred and sixty-four.”

“On that day” – this day is known as the Spring Equinox

Enoch 74:12 “And the sun and the stars bring in all the years exactly, so that they do not advance or delay their position by a single day to eternity; but complete the years with perfect justice in 364 days.”

Enoch 75:1-2 “And the leaders of the heads of the ten thousands, who are in charge of the whole creation and over all the stars, have also to do with the four days of the year which are not counted in the yearly calendar, being not separated from their office, according to the reckoning of the year, and these render service on the four days which are not counted in the reckoning of the year. And because of them men go wrong in them, for those luminaries truly render service to the stations of the world, one in the first door, one on the third door of heaven, one in the fourth door, and one in the sixth door, and the exactness of the year is accomplished through its separate three hundred and sixty-four stations.”

Enoch 80:1 “And in those days the angel Uriel answered and said to me; ‘Behold, I have shown you everything, Enoch, and I have revealed everything to you that you should see this sun and this moon, and the leaders of the stars of heaven and all those who turn them, their tasks and times and departures.’”

Enoch 81:1-2,5-6 “And he said to me: ‘Enoch, look at these heavenly tablets and read what is written on them, and mark every individual fact.’ And I looked at the heavenly tablets, and read everything which was written on it and understood everything, and read the book of all the deeds of mankind, and of all the children of flesh; that shall be on the earth to the end of generations...And the seven holy ones brought me and placed me on the earth before the door of my house, and said to me: ‘Declare everything to your son Methuselah, and show to all your children that no flesh is righteous in the sight of the Lord, for He is their Creator. For one year we will leave you with your son, until you give your last commands, that you may teach your children and record it for them and testify to all your children; and in the second year they shall take you from their midst.’”

Enoch 82:1-7 “And now, my son Methuselah, all these things I am recounting to you and writing down for you! And I have revealed to you everything, and given you books concerning all these; so, my son Methuselah, preserve the books from your father’s hand, and see that you deliver them to the generations of the world.

I have given wisdom to you and to your children, and those children to come, that they may give it to their children for generations. This wisdom namely that passes their understanding. And those who understand it shall not sleep, but shall listen that they may learn this wisdom, and it shall please those that eat thereof better than good food. Blessed are all the righteous, blessed are all those who walk in the way of righteousness and sin not as the sinners, in the numbering of all their days in which the sun traverses heaven, entering into and departing from the doors for thirty days with the heads of thousands of the order of the stars, together with the four which are within the calendar which divide the four portions of the year, which lead them and enter with them four days. Owing to them men shall be at fault and not count them in the whole number of days of the year. Men shall be at fault, and not recognize them accurately. For they belong to the calculations of the year and are truly recorded therein forever, one in the first door and one in the third, and one in the fourth and one in the sixth, and the year is completed in three hundred and sixty-four days. And the account of it is accurate and the recorded counting thereof is exact; for the luminaries, and month and festivals, and years and days, has Uriel shown and revealed to me, to whom the Lord of the whole creation of the world hath subjected the host of heaven.”

Enoch 82:10 “Their four leaders who divide the four parts of the year enter first; and after them the twelve leaders of the orders who divide the months; and for three hundred and sixty days there are heads over thousands who divide the days, and for the four days in the calendar there are the leaders which divide the four parts of the year.”

Enoch 82:14 “...In the beginning of the year Melkejal rises first and rules, who is named Tam’aini and sun, and all the days of his dominion while he bears rule are ninety-one days.”

Enoch 82:17 “The next leader after him is Hel’emmelek, whom one names the shining sun, and all the days of his light are ninety-one days.”

Some teach that the four horses of Revelation rule the seasons and the constellations declare the month.

Enoch 74:12 “And the sun and the stars bring in all the years exactly, so that they do not advance or delay their position by a single day to eternity; but complete the years with perfect justice in 364 days.”

The order is based on the meanings of the names of the sons of Yacov not their birthing order.

First Month – Naftali; constellation Aries Ruled by the White Horse; My Wrestling; Genesis 30:8 & 49:21

Second Month Yissichar; constellation Taurus Ruled by the White horse; Reward; Genesis 49:14,15

Third Month Shimeon; constellation Gemini Ruled by the White horse; Hear; Genesis 29:33 & 49:5-8

Fourth Month Yosef; constellation Cancer Ruled by the Red Horse; Added To; Genesis 30:24 & 49:22

Fifth Month Yahuda; constellation Leo Ruled by the Red Horse; Praise; Genesis 29:35 & 49:8

Sixth Month Asher; constellation Virgo Ruled by the Red Horse; Upright; Genesis 30:13 & 49:20

Seventh Month Levi; constellation Libra Ruled by the Black Horse; Attached; Genesis 49:5

Eighth Month -Dan; constellation Scorpio Ruled by the Black Horse; Judge; Genesis 30:6 & 49:17

Ninth Month - Gad; constellation Sagittarius Ruled by the Black Horse; Rider; Genesis 30:10 & 49:17

Tenth Month - BenYamin; constellation Capricorn; Pale Horse; Son of the Right Hand; Genesis 35:18 & 49:27

Eleventh Month - Reuben; constellation Aquarius Ruled by the Pale Horse; See A Son; Genesis 29:32 & 49:3

Twelfth Month - Zebulun; constellation Pisces Represented by the fish; Ruled by the Pale Horse; Exalted: Genesis 30:20; 49:13

I have noticed in my observation of the constellations each month that the 91 days between each season fluctuates although it works out in the end perfectly with 364 days. For example, one season can be 88 days and then next season can be 94 days, but the average remains 91. I have also noticed in my observation of time between Tekufa's (solstices & equinoxes) that they are never more than a week off. The first day of the year is always the Wednesday during the Equinox, not after Spring Equinox week! I've seen some Zodiaks kept by Ancient Jews and they look like the sundials found in the Qumran caves for the calendar.

I'm not a fan of this section because I don't see how this information benefits us; however, science confirms that the constellations change every 30 days 12 times a year confirming 12 months of 30 days per year! Also these changes vary a little also, so you could have 27 days of one and 33 days of another but they all average out to 30 days of 12 months each. Basically science confirms what we have learned from the book of Enoch. Another point to understand is that the greater the distance away from the equator that the observer is will create a bigger fluctuation. So if you live on the equator you will not see the fluctuation, it will be more accurate so to speak- at least this is how I understand it to be in my one year of observation.

There are different lists attributing different months to the sons of Yacov- even though the names of the month vary, the fact remains that there are 12 months with 30 days each according to the 12 constellation of stars we can witness.

“A list the Creators Holidays”

Leviticus 23:1-4 / Jubilees 2:29 / Jubilees 50:6-13

1. **Sabbath/Shabbat** (Every Saturday which is the 7th day of the week) A commanded assembly day!

Numbers 28:1-15 / Genesis 8:13 / Exodus 12:4 & 13:4 / Jubilees 6:23-25 / Jubilees 7:2-3 / Jubilees 13:8

2. **Beginning of the First Month, Aviv, Head of Spring, Day of Remembrance**, Noah was told to build the ark and the earth dried up after the flood. The Spring Equinox is the Intercalary Day and is the 3rd day of the week, or on Tuesday, the last day of the year (364 days) and called the “Tekufa” in Hebrew. The Equinox is the Sign we are guard. Deuteronomy 16:1 “Guard the Sign of the month of the Aviv; and perform Passover, to YAHUAH your Elohim; Because in the month of the Aviv (season), YAHUAH your Elohim took you out of Egypt at night.” RSTNE 7th Edition - The Sign being the Straight line at the Vernal Equinox! A commanded assembly day!

The First Day of every Torah month is a Commanded assembly. 2 Kings 4:23 “And he said why will you go to him today? It is neither a new month nor a Sabbath. And she said it will be well”. The Kings of Israel would always meet the prophets at a Gilgal on the Feast Days and on the heads of the months. They gathered to hear the prophets on the beginning of the new month and every Sabbath.

Leviticus 23:5

3. **YAH’s Passover/Pesach** (Aviv 14th Exodus 13:4 (Nisan - pagan name) usually between March and April). I think this is more of a family gathering rather than a congregational assembly.

Leviticus 23:6-8

4. **Feast of Unleavened Bread** (Aviv 15th for 7 days). The first and last day of Unleavened Bread is a commanded assembly day!

Leviticus 23:9-14

5. First Fruits (Aviv 26th this is the day after the weekly Sabbath, the week after Unleavened Bread. **This is the Barley Harvest.** Begin counting this day to the next First Fruits Harvest – 50 days!) All first fruits harvest land on the first day of the week! It's called the counting of the Omer. I think assembly is implied.

Leviticus 23:15-22

6. Pentecost/Feast of Weeks/Shavuot (3rd Month 15th Day, 50 days after First Fruits.) **This is the first fruits of the Wheat Harvest.** Begin counting this day to the next First Fruits Harvest. The book of Jasher 82:6 has the ten commandments being given on the sixth day of the 3rd month and it is said that the 10 commandments were given on Shavuot. However, the Enoch calendar has Shavuot on the 15th of the third month. All first fruits harvest land on the first day of the week! I think assembly is implied.

Genesis 8:2 / Jubilees 6:26

7. Beginning of the Fourth Month (Head of Summer), Day of Remembrance; the mouth of the waters of the depth were closed after the flood. The Summer Solstice is the Intercalary Day the day before the beginning of the fourth month. In Hebrew it's called the Tekufa. A commanded assembly day!

Exodus 34:22 / Deuteronomy 18:4 / Jubilees 7:36 / Found on the Calendar at Qumran Caves

8. Pentecost/Feast of Weeks/Shavuot (5th Month 3rd Day) **This is the first fruits of New Wine.** Begin counting this day to the next First Fruits Harvest. All first fruits harvests land on the first day of the week. I think assembly is implied.

Jubilees 7:36 / Exodus 34:22/ Deuteronomy 18:4 / Found on the Calendar at Qumran Caves

9. Pentecost/Feast of Weeks/Shavuot (6th Month 22nd Day) **This is the First Fruits of New Oil.** This is the last of the First Fruits Harvests for the year. All first fruits harvests land on the first day of the week. I think assembly is implied.

Leviticus 23:23-25 / Jubilees 6:26

10. Feast of Trumpets/Blowing of Trumpets/Yom Teruah (Ethanim 1st I Kings 8:2 (Tishri-pagan name)) **Beginning of the 7th month, Head of Fall, Day of Remembrance**, all the mouths of the abysses of the earth were opened, and the waters began to descend into them. The Fall Equinox is the Intercalary Day, the day before the Beginning of the seventh month. In Hebrew they call it the Tekufa. A commanded assembly day.

Leviticus 23:26-32 / Jubilees 5:18 / Jubilees 34 / Jubilees 34:18-19

11. Day of Atonement/ Yom Kippur (Ethanim 10th) Considered by many to be the most consecrated set apart day; I have seen in scripture that the word for the weekly Sabbath and the word for this Annual Sabbath are the same. The word for all the other Sabbaths is different. So Scripture makes a distinction, but I'm not for sure what the difference is. Sabbath and Yom Kippur are days of no work at all; and the other feast days Sabbathownns are more lenient with the work you do, but still no occupational work. A commanded assembly day.

Leviticus 23:33-44 / Jubilees 16 & 32

12. Feast of Tabernacles/Feast of Booths/Sukkot (Ethanim 15th for **8 days**). This is actually for 7 days and then there is the 8th day which seems to be distinct and separate in itself. A commanded assembly required on the 15th and 22nd day of the month.

Genesis 8:5 / Jubilees 6:27

13. Beginning of the Tenth Month (Head of Winter), Day of Remembrance, mountain tops were seen after the flood as Noah rejoiced. The Intercalary Day is the winter solstice, which should occur the day before the Beginning of the Tenth Month. In Hebrew they have one word for the equinoxes and solstices, it is Tekufa. A commanded assembly day.

I will add Purim and Hanukkah to the calendar as well since they are clearly part of the history of Israel and Purim is in the book of Esther and Hannukah is in the book of Maccabees.

Maccabees 4:54,56,59 “Then all the people fell upon their faces, worshipping and praising the Alahim of heaven , who had given them good success. And so they kept the dedication of the altar eight days, and offered burnt offerings with gladness, and sacrificed the sacrifice of deliverance and praise...Moreover Judas and his brethren with the whole congregation of Israel ordained, that the days of the dedication of the altar should be kept in their season from year to year by the space of eight days, from the five and twentieth day of the month Casleu, with mirth and gladness.”

Hanukkah is **celebrated for eight days and it begins on** the 25th of Kislev or **the 9th scriptural month** and it ends on the Beginning of the 10th month.

Esther 9:17, 18, 21 – In the month of Adar on the 14th day and the 15th day they rested and made it a day of feasting and rejoicing. **Esther 9:26-32**

Purim is celebrated on the 14th and 15th day of the 12th month.

Names of the Months found in Scripture

First Month- Aviv, Abib, the green leaf, green ripe ears. Exodus 12:2 and 13:4- It's also called Nisan in Esther 3:7. So to me it looks like in Persian captivity Israel changed the name to Nisan adopting a pagan name. This green leaf is referring to spring and it would be the barley harvest in Israel.

Second Month- Ziv, Zif, blossom, month of flowers. I Kings 6:1,37

Third Month- Sivan, Esther 8:9 - this word is probably of Persian origin.

Fourth Month- Tammuz, Ezekiel 8:14 - well you can't get any more pagan than this.

Fifth Month- Av, Ab, this name isn't even found in scripture to my knowledge.

Sixth Month- Elul, Nehemiah (Nekem Yah) 6:15 - Since Strongs concordance gives no definition for this word and it's after Babylonian captivity, it's probably an improper name for the month.

Seventh Moth- Ethanim, I Kings 8:2- A constancy of Streams or the permanent brooks. Tishri is probably a pagan name and not found in Scripture either as far as I know.

Eighth Month- Bul, I Kings 6:38 - as in the sense of Rain.

Ninth Month- Chislev, Kislev, Nehemiah 1:1; Zechariah 7:1- BDB pg 493 B says Kisleu is a loan word from Babylon.

Tenth Month- Tebeth, Esther 2:16- Not of Hebrew origin.

Eleventh Month- Shebat, Zechariah (Zakar Yahu) 1:7- Babylonian word.

Twelfth Month- Adar, Esther 3:7- Another loan word from Babylon.

FIRST MONTH – 5946 A.M.
